EDUCATION

University of Warwick Sep 2026 – Jun 2029
Coventry, UK — BEng Computer Systems Engineering
- Academic Scholar and Sports Scholar · awarded based on personal statements
- Modules: Introduction to Java · Web Development · Functional Programming · Computer Architecture

University of Warwick Sep 2025 – Jul 2026
Coventry, UK — International Foundation Programme · 83% overall in first year

IT STEP School 2014 – Apr 2025
Secondary education · Honor Roll

PROJECTS

Examik — AI Education website | examik.net 2025 – Present
Founder · solo project · live product with subscriptions
- Spotted a gap while revising for my own exams (material existed, but nothing clearly explained why an answer was wrong) and designed and launched an exam-preparation platform covering 5+ core syllabuses (A levels, GCSE, SAT, etc)
- Built end-to-end using AI-assisted development (Claude Code, Cursor): prompt engineering and prompt management to generate features, then reviewed the generated code for structure and logic; ~977 AI-generated automated tests
- Tech stack: Supabase backend, deployed on Vercel; Stripe and RevenueCat subscriptions; iOS build via Capacitor

Internet Divide in the UK, 2015-2025 — Independent Research 2026
- Analysed digital inequality between urban and rural areas and across the 4 UK nations
- Used Python to process the data and visualise the trends in Matplotlib; distinction awarded; presented findings to ~500 peers and teachers

Flat-Matcher — flat-matcher.com 2026
- Built a website which helped ~100 UK students find their friends at university: the programme matches students depending on their answers and gives an ideal match

Python Narrative Game — Group Project (university course) 2026
- Role: Team Lead within a group of 4. Developed a narrative game in Python covering ~30 Python topics learnt on the course. High distinction awarded; second best project in the group

Other: Tech Arena UK 2026 hackathon, WHACK 27'

WORK EXPERIENCE

Children's Karate Coach & Mentor — Coventry, UK 2025 – Present
- Coach a weekly group of ~20 children, giving individual feedback every session
- Brought 10 athletes to international level

IB Maths Tutoring 2025 – Present
- Private tutor for IB students in Mathematics

HONOURS & POSITION OF RESPONSIBILITY

Course Representative — Computer Systems Engineering Oct 2026 – Present
University of Warwick
- Represent ~120 students; work with ~50 academics to raise satisfaction and attendance and resolve issues

National Team Karate Captain 2024
- During the 2024 European Karate Championships was honoured to be team Captain
- Team finished 2nd in overall medal table

2nd Place, Mathcounts Math Olympiad (national) 2019

1st Place, German District Olympiad

TECHNICAL STRENGTHS

Computer Languages Python , Java, SQL (actively learning)
Software & Tools Git/GitHub, Linux/Unix, Supabase, Vercel, Stripe, RevenueCat
AI Tools Claude Code, Cursor, ChatGPT, Prompt Engineering, API Integration
Languages Ukrainian, Russian (native), English (fluent), German (advanced)

Sports
- **Karate: Personal Best:** 1st in the European rankings in 2024 and 24th in the World. 2 times National Champion. 3 times World Cup medallist
